The screenshot shows a mobile game interface with a dark background featuring abstract geometric shapes. At the top left is a blue circular icon with a white house symbol. Below the bar are two blue circular icons with the numbers "964 200" and "473" respectively, followed by small blue and yellow circles. In the center, a yellow banner with a black border contains the text "PLAYER RATINGS" in bold black letters. To the right of the banner are four blue circular icons with white symbols: a shopping cart, a gear, a list, and an X. On the left side of the screen, there is a vertical blue line. To its right is a list of six players with their ratings. Each entry consists of a small square icon containing a question mark or a user profile picture, followed by the player's name, a small blue circular icon with a white number, and the total rating. Played the game on android, and was so good decided to get it again on PC. Love the art style, the gameplay is solid, and I'm very much looking forward to trying all the heros. nice boss fights and you can change the difficulty if your're like me and want to really fight for that victory thanks Ironhide :). This game seems really poorly optimised. I can play WoT on High graphics HD no problems, but can't play this pos without it lagging and skipping all over the place.

There is no excuse for a game with 90s graphics chugging and stuttering on a modern gpu.. This is the most fun fps I've played in a long time! You need at least one other to have a good time, but the more people, the more fun. If you are bored and looking to play a fun simple fps, get this and you'll have a great time. There are power weapons around the map and they have a respawn ring to let you know when they are going to respawn. You also shoot the power weapons to get them which is really cool. The sliding around is hilarious too! I can't recommend the game enough though for the price.. It is a snake game.

Slightly better than was on the Nokia 5110, but I lost interest after 10min. Maybe it gets better at higher levels, but I'll never know.. This is my favourite chapter of Little Nightmares, including any from the base game. While the base game is a well paced adventure experience, this chapter is more like a series of puzzles within a decently sized central hub, and a new mechanic involving the kid's flashlight. I really enjoyed my time with this DLC, and it does add to the base game's story, if you are interested in that.

You would think that the terrible graphics this game has it would run well on anything but nope, my i5 doesn't run it so can not play with the wife since our second computer was just that, had if I was lucky 35fps . 60fps would be nice but for those graphics the buffering was absolutely terrible . look at the graphics man . I fell threw the world in the first 10 minutes and got a refund lmao terrible .

note: the other 20 minutes I spent trying understand why you would put a game out that doesn't even have the ground finished enough to stand on? and laughing at my stuck body ... there was lots of that. According to all known laws of aviation,

there is no way a bee
should be able to fly.

Its wings are too small to get
its fat little body off the ground.

The bee, of course, flies anyway

because bees don't care
what humans think is impossible.

Yellow, black. Yellow, black.
Yellow, black. Yellow, black.

Ooh, black and yellow!
Let's shake it up a little.

Barry! Breakfast is ready!

Ooming!

Hang on a second.

Hello?

- Barry?
- Adam?

- Oan you believe this is happening?
- I can't. I'll pick you up.

Looking sharp.

Use the stairs. Your father
paid good money for those.

Sorry. I'm excited.

Here's the graduate.
We're very proud of you, son.

A perfect report card, all B's.

Very proud.

Ma! I got a thing going here.

- You got lint on your fuzz.
- Ow! That's me!

- Wave to us! We'll be in row 118,000.
- Bye!

Barry, I told you,
stop flying in the house!

- Hey, Adam.
- Hey, Barry.

- Is that fuzz gel?
- A little. Special day, graduation.

Never thought I'd make it.

Three days grade school,
three days high school.

Those were awkward.

Three days college. I'm glad I took
a day and hitchhiked around the hive.

You did come back different.

- Hi, Barry.
- Artie, growing a mustache? Looks good.

- Hear about Frankie?
- Yeah.

- You going to the funeral?
- No, I'm not going.

Everybody knows,
sting someone, you die.

Don't waste it on a squirrel.
Such a hothead.

I guess he could have
just gotten out of the way.

I love this incorporating
an amusement park into our day.

That's why we don't need vacations.

Boy, quite a bit of pomp...
under the circumstances.

- Well, Adam, today we are men.
- We are!

- Bee-men.
- Amen!

Hallelujah!

Students, faculty, distinguished bees,

please welcome Dean Buzzwell.

Welcome, New Hive Oity
graduating class of...

...9:15.

That concludes our ceremonies.

And begins your career
at Honex Industries!

Will we pick our job today?

I heard it's just orientation.

Heads up! Here we go.

Keep your hands and antennas
inside the tram at all times.

- Wonder what it'll be like?
- A little scary.

Welcome to Honex,
a division of Honesco

and a part of the Hexagon Group.

This is it!

Wow.

Wow.

We know that you, as a bee,
have worked your whole life

to get to the point where you
can work for your whole life.

Honey begins when our valiant Pollen
Jocks bring the nectar to the hive.

Our top-secret formula

is automatically color-corrected,
scent-adjusted and bubble-contoured

into this soothing sweet syrup

with its distinctive
golden glow you know as...

Honey!

- That girl was hot.
- She's my cousin!

- She is?
- Yes, we're all cousins.

- Right. You're right.
- At Honex, we constantly strive

to improve every aspect
of bee existence.

These bees are stress-testing
a new helmet technology.

- What do you think he makes?
- Not enough.

Here we have our latest advancement,
the Krelman.

- What does that do?
- Oatches that little strand of honey

that hangs after you pour it.

Saves us millions.

Can anyone work on the Krelman?

Of course. Most bee jobs are
small ones. But bees know

that every small job,
if it's done well, means a lot.

But choose carefully

because you'll stay in the job
you pick for the rest of your life.

The same job the rest of your life?
I didn't know that.

What's the difference?

You'll be happy to know that bees,
as a species, haven't had one day off

in 27 million years.

So you'll just work us to death?

We'll sure try.

Wow! That blew my mind!

"What's the difference?"
How can you say that?

One job forever?
That's an insane choice to have to make.

I'm relieved. Now we only have
to make one decision in life.

But, Adam, how could they
never have told us that?

Why would you question anything?
We're bees.

We're the most perfectly
functioning society on Earth.

You ever think maybe things
work a little too well here?

Like what? Give me one example.

I don't know. But you know
what I'm talking about.

Please clear the gate.
Royal Nectar Force on approach.

Wait a second. Ocheck it out.

- Hey, those are Pollen Jocks!
- Wow.

I've never seen them this close.

They know what it's like
outside the hive.

Yeah, but some don't come back.

- Hey, Jocks!
- Hi, Jocks!

You guys did great!

You're monsters!
You're sky freaks! I love it! I love it!

- I wonder where they were.
- I don't know.

Their day's not planned.

Outside the hive, flying who knows
where, doing who knows what.

You can't just decide to be a Pollen
Jock. You have to be bred for that.

Right.

Look. That's more pollen
than you and I will see in a lifetime.

It's just a status symbol.
Bees make too much of it.

Perhaps. Unless you're wearing it
and the ladies see you wearing it.

Those ladies?
Aren't they our cousins too?

Distant. Distant.

Look at these two.

- Couple of Hive Harrys.
- Let's have fun with them.

It must be dangerous
being a Pollen Jock.

Yeah. Once a bear pinned me
against a mushroom!

He had a paw on my throat,
and with the other, he was slapping me!

- Oh, my!
- I never thought I'd knock him out.

What were you doing during this?

Trying to alert the authorities.

I can autograph that.

A little gusty out there today,
wasn't it, comrades?

Yeah. Gusty.

We're hitting a sunflower patch
six miles from here tomorrow.

- Six miles, huh?
- Barry!

A puddle jump for us,
but maybe you're not up for it.

- Maybe I am.
- You are not!

We're going 0900 at J-Gate.

What do you think, buzzy-boy?
Are you bee enough?

I might be. It all depends
on what 0900 means.

Hey, Honex!

Dad, you surprised me.

You decide what you're interested in?

- Well, there's a lot of choices.
- But you only get one.

Do you ever get bored
doing the same job every day?

Son, let me tell you about stirring.

You grab that stick, and you just
move it around, and you stir it around.

You get yourself into a rhythm.
It's a beautiful thing.

You know, Dad,
the more I think about it,

maybe the honey field
just isn't right for me.

You were thinking of what,
making balloon animals?

That's a bad job
for a guy with a stinger.

Janet, your son's not sure
he wants to go into honey!

- Barry, you are so funny sometimes.
- I'm not trying to be funny.

You're not funny! You're going
into honey. Our son, the stirrer!

- You're gonna be a stirrer?
- No one's listening to me!

Wait till you see the sticks I have.

I could say anything right now.
I'm gonna get an ant tattoo!

Let's open some honey and celebrate!

Maybe I'll pierce my thorax.
Shave my antennae.

Shack up with a grasshopper. Get
a gold tooth and call everybody "dawg"!

I'm so proud.

- We're starting work today!
- Today's the day.

Oome on! All the good jobs
will be gone.

Yeah, right.

Pollen counting, stunt bee, pouring,
stirrer, front desk, hair removal...

- Is it still available?
- Hang on. Two left!

One of them's yours! Oongratulations!
Step to the side.

- What'd you get?
- Picking crud out. Stellar!

Wow!

Oouple of newbies?

Yes, sir! Our first day! We are ready!

Make your choice.

- You want to go first?
- No, you go.

Oh, my. What's available?

Restroom attendant's open,
not for the reason you think.

- Any chance of getting the Krelman?
- Sure, you're on.

I'm sorry, the Krelman just closed out.

Wax monkey's always open.

The Krelman opened up again.

What happened?

A bee died. Makes an opening. See?
He's dead. Another dead one.

Deadly. Deadified. Two more dead.

Dead from the neck up.
Dead from the neck down. That's life!

Oh, this is so hard!

Heating, cooling. I would say hold off until this is worked on a little more, the animations are meh, the enemies aren't even textured yet there just blank models with weapons. For me at least, there was no sound in the game, not even for attacking, just nothing.

The enemies have too much health in my opinion, considering the amount of enemies in the areas.
As with early access as a buyer we should beware. I would urge if you are interested in this to wait. Maybe follow and see if they bring frequent enough updates to show this is going somewhere.
For now i refunded and will look again somewhere down the line to see if it improves.

Sorry for the lack of depth in my review, but there isn't really too much to say at this point.. Though I study Astronomy I still

love the game so much haha ;) The story, *the music*, and the art style are just amazing! I also tried several times to explore different story lines. The endings don't really differ too much, but I think the branches of stories are good enough for a short game. Look forward to play more games like this!. Old RTS game that make you feel like a cowboy, but not really. If you don't mind being a sneaky cowboy, well this game have its charm.. I honestly have no idea what happened but it was fun
